Friend of God

Resource 4: - Being a friend of God

Accountable to Him - allowing His Spirit to let you know when you need to repent of something, or saying sorry for things you know you've done wrong

Obey Him - God may want you to do a particular task or speak to a particular group of people somewhere or travel to another country, or look after someone who is sick, or give money to a particular organisation or charity or individual. Obeying God places us right at the centre of friendship with God. When we don't Obey, God doesn't stop loving us or being our friend, but WE start to cool off in our friendship with Him.

Changed by God - God is in the process of making us more like Jesus, this side of heaven. God wants to smooth down some of our rough surfaces so that more can be achieved for the Kingdom on earth; more people loved, more people coming to know God, our hearts becoming less selfish,

Worship God - with all you have, not just singing songs on a Sunday: - time, money, personality, skills, resources etc

A Friend to others - be the best you can be to others. This won't always be easy, but simply trying to be more like Jesus will inevitably make you a better friend.

Used By God - to stand up for issues of justice, to heal the sick, to bring comfort to those who grieve, to love others into the way of truth, to pray for others' needs.
