

KURIOS

Kurios is an excellent energetic pop-rock band that uses music to connect with young people to tell them about Jesus. Run by Youth for Christ, Kurios work in schools, churches and youth groups by taking lessons, assemblies, concerts, services and hanging out with young people.

Youth for Christ Scotland have one simple aim, an aim I'm sure we share with you and your church - to take the good news of Jesus relevantly to every young person in Scotland. Kurios can help your work with young people in a variety of ways:

One off gigs

Kurios concerts are a great opportunity for youth people to come to see a high quality fun loving band playing music they know. Many youth groups use Kurios to put on an event that is fun, and easy to for their members to invite their friends to. Kurios use a mix of popular songs from the charts and some of their own songs, with testimonies, chat between songs, and, if wanted, a message, to communicate Jesus' love to young people.

Worship events

Worshipping God is one of our greatest privileges as Christians and it's our aim to worship God all the time, but sometimes it's great to throw a party! As a worship band Kurios can bring something fresh to worship services, youth nights and celebrations. Kurios lead worship using a mix of old and new songs, either in mellow or energy filled settings.

Schools week

A schools week is possibly the most effective use of the band with Kurios going in to your local school or schools. A normal schools week would include taking RE/RME/RMPS and/or music lessons, assemblies and lunchtime gigs.

We have several aims while in schools,

- 1) To build relationships with young people
- 2) To provide Christian input into lessons
- 3) To be positive role models of Christians in schools
- 4) To prompt questions about Jesus – and then to help answer them
- 5) To invite young people to an evening gig to hear more about Jesus
- 6) To communicate effectively the good news of Jesus
