

Kurios is one of Youth for Christ's touring bands whose aim is to provide teachers and schools with a resource to assist them in the role they play – ensuring that young people are given the opportunity to develop in to well-educated, balanced individuals.

Music is one of the biggest influences on young people, with music now being the most searched for item on the internet. Kurios uses the power of music – and the familiarity that young people have with it to promote a positive lifestyle and the Christian faith.

What can we offer to schools?

Lessons

We offer Christian input into RE lessons on a variety of subjects, (i.e.: What is a Christian, Forgiveness, Existence of God, and Who is Jesus). This gives young people a chance to learn about the Christian faith, or a Christian perspective on different subjects – from a Christian who is close to their own age.

We also can provide fun, educational music lessons – which teach how a band works together, about singing together in harmony, performance, and different styles.

Assemblies

We can do assemblies as a band, ranging from a song and an introduction to us, through a short simple thought provoking message, to full hour long assemblies on special subjects (like Easter, or Christmas).

Special events

When we're in a school we love to put on a lunch time gig, this gives young people an opportunity to meet us in an informal setting, to hear us play a great set of pop-rock songs, and to hear something about what we believe.

Kurios are also great to book for special occasions, like an end of year disco. We provide a great fun evening, with music they know – being performed live!

An average week in a school...

There is no such thing as an average school week, but an ideal week would see us taking some RE and music classes through out the week (seeing classes only once for each subject), and taking school assemblies – to introduce us to the school, and also for us to take a lunch time concert for the young people to enjoy.

If you would like to see some sample timetables, and to see some references then do contact Kurios.

Kurios is made up of 5 individuals:- Caroline Thomson (18), Dan Collison (19), Steve Carter (19), Phil Reimer (17) and myself, Jeff Pullinger (24).

If you have any more questions about Kurios and what we do then please do phone Jeff on 07734022444 or email kurios@yfc.co.uk
